### Job description and responsibilities

Alpina is seeking outstanding candidates to work directly with the Munich team as working student (min. 3 months) for 16-20h/week. Based on your skills your tasks will comprise of the following:

- Support bolt-on acquisitions to the buy-and-built platforms in the portfolio. This will entail reviewing information memorandums and setting up financial models to draft indicative offers
- Work directly with portfolio companies on specific tasks in their day-to-day business
- Set up financials (P/L, BS, CF) for the quarterly reporting of the portfolio companies within the funds managed by Alpina

### Your profile

For this challenging position we are looking for a person who works well in a very entrepreneurial organization, someone who is a self-starter with strong numerical skills and attention to detail:

- Currently enrolled in a master’s degree from a top tier University within the following fields of study: Business Administration, Finance & Accounting, Mathematics, Engineering, and with top grades in relevant areas
- Relevant work experience/internships within Corporate Finance, Investment Banking, Big4 or PE/VC
- High proficiency in Microsoft Office (particularly Excel) with financial modelling skills
- Outstanding written and oral communication skills in both the English and German languages with proven international work and/or study experience

### What we offer

- A full insight into the daily business of a private equity investor and the possibility to attend all relevant meetings with your colleagues and external parties
- A working environment to enhance your skills beyond the theoretical knowledge from university
- Flat hierarchies and close cooperation with our team in London
- Competitive remuneration
